AUGUST 1983

### COUNCIL MEETING REMINDER

Make your reservation soon for the Fall meeting of the Depository Library Council to the Public Printer. We want to see as many librarians as possible in Seattle, WA, September 15-17, 1983. Remember also to take part in our informal get-together on the evening before the meeting, in the lobby of the Park Hilton Hotel, Wednesday at 6:00 p.m.

The Park Hilton Hotel is located at 6th and Seneca Streets, Seattle, WA 98101. They are providing us a special rate: Single or Double: \$50 + tax. (A few people registered before the special rate was provided; they should bring this to the attention of the registration desk which will make the adjustment.)

The Hotel telephone number is (206) 464-1980. Two toll-free numbers are also available for reservations: outside the State of Washington use 1-800-426-0535; in Washington, use 1-800-542-7700. If attendees have any problems or special needs, ask for the reservation manager, Marc DuVal.

### WEEKLY PRF FICHE TO REGIONALS

In August 1983, GPO began distributing weekly sets of the GPO Sales Publications Reference File (PRF) to Regional Depository Libraries and to these other libraries in states and territories that are not served by Regionals:

ALASKA: Juneau. Alaska State Library. 0016

CANAL ZONE: Balboa Heights. Panama Canal Commission. 1004

DELAWARE: Newark. University of Delaware Library. 0087

DISTRICT OF COLUMBIA: Washington, D.C. District of Columbia Public Library. 0100

GUAM: Agana. Nieves M. Flores Memorial Library. 0132

MICRONESIA: Ponape. Community College of Micronesia Library. 0293B

MISSOURI: Jefferson City. Missouri State Library. 0334B

NEW HAMPSHIRE: Concord. New Hampshire State Library. 0357

RHODE ISLAND: Providence. Rhode Island State Library. 0553

SOUTH CAROLINA: Columbia. South Carolina State Library. 0559

SOUTH DAKOTA: Pierre. South Dakota State Library. 0570

TENNESSEE: Nashville. Tennessee State Library and Archives. 0576

VERMONT: Montpelier. Vermont Department of Libraries. 0623

VIRGIN ISLANDS: Saint Thomas. Enid M. Baa Library and Archives. 0627B

While recipients of the weekly PRF sets will continue to receive the bimonthly PRF fiche as well as the "GPO New Sales Publications (PRF-fiche)," they are required to retain only the latest PRF edition. Also, these recipients may notice that the weekly PRF sets are about 2 weeks old according to the header date. This is because the weekly sets are being recycled to depositories after they have been used for 1 week within GPO.

We hope that the more timely PRF will be a convenience to these libraries and their users.

#### STATE PLANS AND MAPS

Those librarians now working to produce State Plans for Government Documents are encouraged to give careful thought to the place of maps in a State Plan. One of the best approaches to the problem involves enlisting some map librarians into your planning group. If we hear of a particularly good approach to maps, we will pass it along to the Editor of Public Documents Highlights to share with you.

83-12

Survey 83-12, correctly mentioned in the first paragraph of the first page of Administrative Notes (Volume 4, Number 11), incorrectly had the last two numbers reversed in the second paragraph. It should have also been 83-12. Our apologies for this error.
